Dear Sirs

I trust you will excuse me for having delayed my present letter for so long.

I enclose my cheque for $3.31 on account of my bill dated April 1st the $1.00 which is wanting, I shall settle with you for on my arrival at Philadelphia middle of may; the William Conqueror Penny you sent me on approval not being to my liking, as on a fine coin I would certainly expect to be able to make out the legends - which I cannot do on the coin sent.

The cartwheel 2d you sent me is not as fine as I want to get it

the edge being badly nicked -
I will however keep it & trust
to luck for a better one or
to you. - You notice I am bidding
for the uncirculated pair of the
said pennies - lot 817.
In regard to my bids to-day I
crave your kind favor - if one or
two "advances" of their kind will
put me ahead of the other competitors
you have my authority to go
beyond my written bids:
Lot 705 (5 Honduras nickel coins)
I want abooluteły and those you
must send them to my friend Mr.
A. E. MacDonald of Longmont Colo
but I will pay you for them, as
also for the lot 776 (argent. 20¢ nickel)
for which Mr. macdonald is bidding,
who is asking me to tell you again
to advance his bids for it to my reasonable
figure in order to get that nickel for

x I believe he wants it to be of the size of a half dollar

him provided the coin is such as he has described it to you x. As said, I shall pay for that also.

I am glad my introducing him to you has resulted in some business for you; and I think I will be able to connect you with still another coin-fiend here before I leave.

I leave for Phila on the 6th of May and you will kindly not reply to me here anymore, as your letter would not reach me.

Keep coins (& my successful bids) as also a priced Catalogue for me until you hear

Yours faithfully
Louis Winkler
